Bug Report 1: Booking Form Date Validation Missing

Bug ID: BUG-001

Title: Booking Form Allows Past Dates and Invalid Date Combinations

Status: Open

Found in: UI Testing

Description

The booking form does not properly validate date inputs, allowing users to:

1. Select past dates for check-in
2. Select check-out dates before check-in dates
3. Submit bookings with invalid date combinations

Steps to Reproduce

1. Navigate to booking form
2. Select a past date (e.g., 2023-01-01) for check-in date
3. Click "Book Now" on the room you want
4. Fill all required fields with valid data
5. Click "Book" button
6. Observe form accepts invalid dates

Expected Result

Form should prevent selection of past dates for check-in

Form should enforce check-out date to be after check-in date

Clear validation messages should appear for invalid date combinations

Form should not submit with invalid dates

Bug Report 2: Booking Room Validation Missing

Bug ID: BUG-002

Title: Booking Form Allows select unavailable rooms

Status: Open

Found in: UI Testing

Description

Booking Form Allows select unavailable rooms in the wanted dates

Steps to Reproduce

1. Select dates for check-in
2. Select a room
3. Observe this room is unavailable on your dated but you still get a reservation form
4. Submit bookings with and observe an error (since this room unavailable)

Expected Result

Page should prevent selection of unavailable room

Bug Report 3: Error Submitting “Branding” Form

Bug ID: BUG-003

Title: In “Branding” page in admin portal, there is an error while trying to submit the form

Status: Open

Found in: UI Testing

Description

In admin portal in page “branding” when you try to submit a form, there isnt any call that generated and ui sends an error

Expected Result

Form should submitted successfully without errors

The screenshot shows a web browser window with the address bar displaying 'automationintesting.online/admin/branding'. The form contains the following fields: 'Phone' with the value '012345678901', 'Email' with the value 'fake@fakeemail.com', and a section titled 'Address details' with fields for 'Line 1' (Shady Meadows B&B), 'Line 2' (Shadows valley), 'Post Town' (Newingtonfordburyshire), 'County' (Dilbery), and 'Post Code' (N1 1AA). A 'Submit' button is located below the address fields. A red error message at the bottom states: 'Url should be a correct url format'.

Bug Report 4: Nothing Happens when Clicking "Amenities"

Bug ID: BUG-004

Title: Nothing Happens when Clicking "Amenities"

Status: Open

Found in: UI Testing

Description

In the booking page there is a component in the navbar that is named "amenities" when clicking on it, nothing happens.

Expected Result

This component should exist in navbar, or it should navigate to amenities section

Welcome to Shady Meadows B&B

Welcome to Shady Meadows, a delightful Bed & Breakfast nestled in the hills on Newingtonfordburyshire. A place so beautiful you will never want to leave. All our rooms have comfortable beds and we provide breakfast from the locally sourced supermarket. It is a delightful place.
